Dear Friend,

Glory House of Miami plays a vital role in reaching, rescuing, and restoring survivors of human trafficking. This important work is supported largely by the contributions of generous donors like you.

As we work toward amplifying our impact, we are thrilled to announce the kickoff of the Glory Home capital campaign. Proceeds from this campaign will be used to build the "Glory Home," which will break ground.

The Glory Home will provide much needed long-term refuge for survivors of human trafficking so they can focus on their healing and restoration. The fruits possible from this project are dependent on the success of this campaign.

We need your help to continue our critical mission of reaching and rescuing as many women as possible. Can we count on you to help us today?

Glory House of Miami offers wrap-around services to survivors of human trafficking and provides a safe space for healing and restoration to those who have been broken by abuse. By making a tax-deductible donation to our capital campaign, you'll be directly contributing to the restoration of the lives of these women.

Victims of human trafficking are waiting to be rescued and restored, but we can't do it alone. Glory House depends on your assistance and generosity.

Please visit Glory House of Miami to pledge your support – your contribution makes an impact in the lives of women right here in our community.

Thank you for your consideration and continued support.

With gratitude,

Executive Director

WHO WE ARE

Glory House of Miami is a Christ-centered non-profit organization dedicated to healing and restoring the lives of those who have suffered the abuse and exploitation of sex trafficking.

Our goal is that those who have been broken by sex exploitation will be restored to a healthy mind, body, and spirit during their time with us.

VOLUNTEERS

Volunteers are the heartbeat of Glory House of Miami. We believe that everyone has a gift or talent that can be shared to make a difference.

WHAT WE DO

Glory House of Miami offers wrap-around services to survivors of human trafficking such as: medical care, spiritual guidance, mental health care, social services, legal support, reintegration, education, art, vocational training, career, and life skills training.

We provide a safe space for healing and restoration to those who have been broken by abuse.

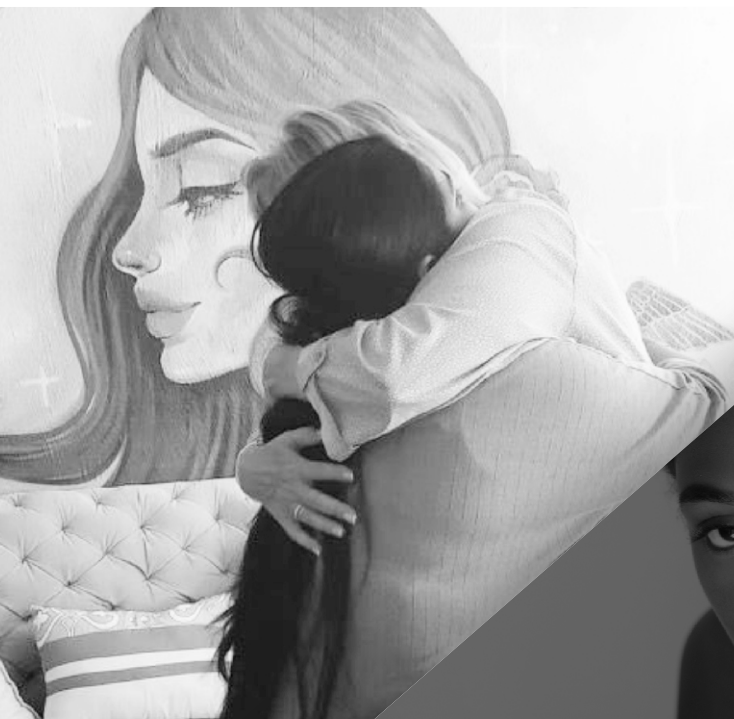

We strive to educate the community through trafficking awareness events, social media, and the “Hands That Heal” training curriculum in an effort to bring an end to the abuse and exploitation caused by Human Trafficking.

OUR STORY

In August of 2011, our eyes were opened to the sex trafficking industry and the shocking truth that the trade is thriving in our own backyard.

The statistics in trafficking hung heavy in our hearts, and our mission became to provide a safe home and a healing environment where rescued victims would regain their freedom and health.

Around the world, approximately 27 million men, women, and children are enslaved and trafficked.

OUR PROGRAMS

OUTREACH

The purpose of outreach is to offer hope, resources and the opportunity to begin a new life. We serve in high-risk areas in our community to build relationships with women to be there for them when they are ready to leave "the life".

RESIDENTIAL

Glory House had a long-term residential home from 2016-2020 for adult survivors of human trafficking. When the pandemic hit we had to close our doors. We now have the ability to build a 6-bedroom home for their restoration. However, to our surprise, we secured 6 acres of land where we now have the ability to build a 6-bedroom home for their restoration.

GLORY MADE

Glory Made was created as a platform to offer women survivors of human trafficking the opportunity to learn new skills, to discover their own gifts and talents while taking the much-needed time to heal from their trauma by providing trauma-safe employment opportunities.

HUMAN TRAFFICKING

DEPRIVES APPROXIMATELY 40.3 MILLION PEOPLE WORLDWIDE

of their dignity and freedom, it undermines national security, distorts markets, enriches transnational criminals, terrorists and it is an affront to our universal values. The industry generates about \$150 billion dollars annually, this is inclusive of sex, labor, and organ trafficking.

The United States of America is a prominent player in the trafficking arena. Experts approximate that there are about 50,000 new victims being brought into the US each year. With all 50 states reporting cases; California, Texas, and Florida lead the way.

Florida ranks 3rd in the United States with only 0.4% of human trafficking cases are identified. In 2020, 2,539 cases were reported through the National Human Trafficking hotline.

Through our Outreach Program this year alone (Jan & Feb 2022), we have been able to impact 72 lives by providing resources and meeting some of their immediate needs. Out of 72, 6 of these ladies have decided to enroll in our “Redeemed by Love” program. Florida lacks appropriate placement for long-term care.

Our experience over the past 10 years has been consistent. We know that the key component of restoring the life of a survivor is the ability to offer them a long-term home and loving environment for their healing and restoration.

Providing survivors with a safe place to live and a supportive community is imperative to their healing. When a survivor does not have to worry about where they will sleep that night, their safety, and where their next meal will come from, this allows them to focus on improving other aspects of their lives.

SURVIVORS WILL HAVE THE OPTION TO LIVE IN A HOME

Unfortunately, our long-term home had to close in March of 2020. During the time of our lease renewal, the landlord asked us to move. Within this home, we had the privilege of welcoming fourteen women who were part of our “Redeemed by Love” program. The program focused on rehabilitation and trauma-sensitive care. For example, we supported survivors by providing them with trauma counseling, medical, legal, and educational services. Additionally, we facilitated life skills assistance such as; financial, computer, and job search training. Ninety percent of our residential survivors that completed the program went on to live successful independent lives.

Through this campaign and with the support of our donors and community partners, we plan to once again meet the critical need for a long-term home in South Florida. We are excited to build a 6-bedroom home for adult survivors (18-29) who choose to enroll in our “Redeemed by Love” program. Not only will this allow us to design a home tailored to the needs of survivors, But it will ensure that Glory House will have a safe place to offer it's clients.

Survivors will have the option to live in the home for up to 2 years under the care of a loving and supportive team. Our goal is to begin construction in the December of 2022 and complete it by the fourth quarter of 2023.

The key to the restoration of these survivors lies in the successful completion of this home. Here they will be able to heal through a healthy family dynamic, where life is breathed back into their life and they can understand their true worth.

TOP 3 GOALS FOR THE HOME:

- Provide a long-term adult residential program dedicated to housing and assisting in restoring female sex trafficking survivors in South Florida.
- Reduce feelings of attachment to traffickers and a lifestyle characterized by commercial sexual exploitation by offering victims a safe home and community.
- Allow survivors to focus on their personal growth and healing instead of worrying about their basic needs.

The journey does not end after they leave our program. The Glory House family continues to support and encourage them; as they put to practice the tools given to them and we surround them with community, the survivors become independent and eventually lead successful lives.

**WILL YOU HELP US “BE THE RESCUE”
FOR THESE WOMEN, TO PULL THEM OUT
OF DARKNESS AND GIVE THEM A NEW FUTURE AND HOPE?**
